What Is Guitar Hero Aerosmith?

Released in 2009 for the PlayStation 3 and Xbox 360, Guitar Hero Aerosmith is a spin off that focuses exclusively on the music of Aerosmith. The game features 16 tracks spanning the band's career, from the raw energy of "Mama's Boy" to the soaring harmonies of "I Don't Want to Miss a Thing." Players use a guitar controller to match notes on screen, earning points and building up a score that determines whether they can move on to the next song or unlock a trophy.

Unlike the mainline Guitar Hero titles that mix various artists, this title offers a more cohesive listening experience, making it an ideal choice for fans who want to immerse themselves in Aerosmith's catalog.
