Who Is Priscilla Shirer?

Priscilla Shirer (née Priscilla C. H. Lee) is a multi talented Christian author, speaker, and pastor who has impacted millions across the globe. Born in 1974, Priscilla's early life was marked by a deep love for music and a growing passion for God's Word. She earned a Bachelor of Science in Business Administration from the University of the Philippines before pursuing a Master of Divinity at the Graduate Theological Union in Berkeley, California.

Priscilla's ministry is rooted in the belief that Scripture is the ultimate source of truth, hope, and empowerment. She serves as the senior pastor of The Bridge Church in San Diego, California, and is the founding president of the **Priscilla Shirer Ministries**. Through her books, conferences, and online platforms, she encourages believers to live boldly, love fiercely, and serve passionately.

Her most celebrated works include "Unapologetic," "The Power of a Praying Woman," and "One in a Million." These books, along with her engaging teaching style, have earned her a reputation as a powerful voice in contemporary Christian circles.

What Is the "One in a Million" Bible Study?

"One in a Million" is a week long, 30 day Bible study that follows the life of Jesus from birth to resurrection. The study is designed to help participants connect with the historical context of the Scriptures, understand the theological significance of each event, and apply the lessons to their own walk with God.

The study is divided into four key sections:

1. Birth and Early Life of Jesus – Exploring the significance of the incarnation.
2. The Ministry of Jesus – Understanding the miracles, teachings, and parables.
3. The Passion and Resurrection – Reflecting on the crucifixion and the hope of new life.
4. Practical Application – Translating Scripture into everyday actions.

Each day includes a Scripture passage, a short teaching, reflective questions, and a practical challenge. The study

also provides a downloadable PDF and an audio version for those who prefer listening.

Core Themes of the Study

1. The Incarnation: God Becoming Man

At the heart of the study lies the concept of the incarnation—God taking human form in Jesus Christ. Priscilla emphasizes that this act is not merely a historical event but a profound demonstration of God's love and humility. By examining the birth narratives in Matthew and Luke, participants learn how God's presence in the world invites humanity into a restored relationship.

2. The Kingdom of God: Teaching Through Parables

Jesus' ministry is rich with parables that reveal the nature of God's kingdom. The study guides readers through parables such as the Good Samaritan and the Prodigal Son, encouraging them to uncover hidden truths about grace, generosity, and repentance. By contextualizing these stories, Priscilla helps believers see how the principles apply to modern challenges like social justice, financial stewardship, and community building.

3. The Passion: Suffering for the Sake of Salvation

Understanding the crucifixion is essential to grasping the depth of God's love. The study invites participants to reflect on the physical and emotional suffering Jesus endured, emphasizing the significance of atonement and redemption. Through meditation on passages from the Gospels and the letters of Paul, the study invites believers to experience the weight of sacrifice and the promise of new life.

4. The Resurrection: Victory Over Death

Christ's resurrection is the cornerstone of Christian faith. The study examines the post resurrection appearances and the implications for believers today. By focusing on the power of the resurrection, participants are encouraged to live with hope, resilience, and purpose.

5. Practical Application: Living Out the Gospel

Beyond theological insight, the study emphasizes action. Each week ends with a "challenge" that encourages participants to implement Scripture in daily life—whether through acts of service, prayer, or intentional relationships. This focus on practical living aligns with Priscilla's ministry philosophy of "faith in action."
